Biodiversity of our Sea: Know and Preserve

DESCRIPTION

The proposed project includes several campaigns aimed to raise awareness in children and young people in primary and secondary education for the importance of biodiversity and to achieve or maintain good environmental status of marine and coastal waters. The proposed initiatives involve lectures / discussions with researchers, practical activities in the laboratory and in the field, and activities using the electronic site of the Literacy Project Ocean 2013-2016 that will be implemented with 9 schools of the North of Portugal, partner of this project.

PROJECT PROMOTER

CIIMAR - Interdisciplinary Centre for Marine and Environmental Research

TOTAL COST

18.545€

TOTAL ELIGIBLE COST

18.545€

EEA Grant

15.763€

OUTCOME

Outcome#4 - Increased awareness of and education in integrated marine water management

OUTPUT

Integrated marine water management training, education and awareness raising measures and activities implemented

INDICATOR (I)

Number of awareness raising initiatives (incl. supporting materials) carried out in primary and secondary schools

TARGET (I)

9

INDICATOR (II)

Number of hits on the Ocean Literacy Website 2013-2016

TARGET (II)

2500
