MIA – unraveling the Invisible Water World

ASPEA - Associação Portuguesa de Educação Ambiental

revelando o mundo invisível da água

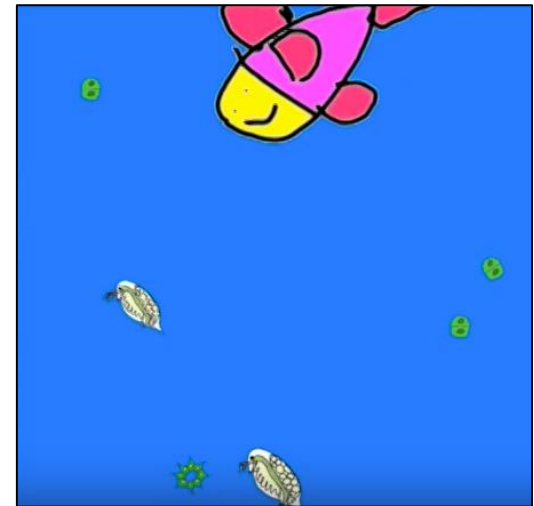

PROJECT SCOPE

■ Project funded by **EEA Grants** (with management through **DGPM**);

■ **Coordination** of the project by **ASPEA** (Associação Portuguesa de Educação Ambiental);

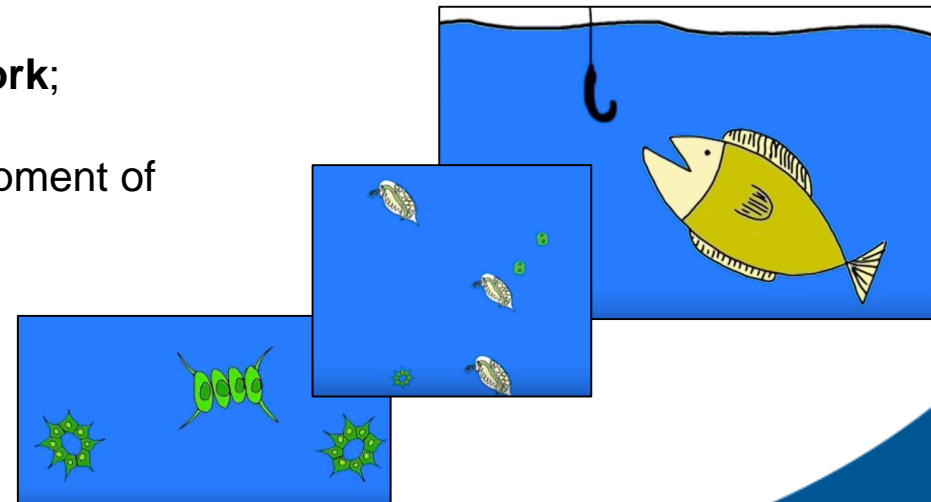

■ **Partners:** OMA (Oficina de Música de Aveiro), PANTOPEIA, CINANIMA, Casa da Animação, Agrupamento de Escolas da Murtosa, Universidade de Aveiro, Universidade dos Açores.

■ **MIA** is a **science communication / environmental education** project that mixes **science** with **arts** in order to talk about the **aquatic microscopic organisms** and their importance in the ecosystem, making the link to the **principles of Ocean Literacy**.

PROJECT OBJECTIVES

- **Increase the knowledge** about the oceans, by connecting to the **principles of Ocean Literacy**;
- **Explore the microscopic water world**, particularly **phytoplankton**, within school curricula;
- **Integration of sciences and arts** for the message transfer;
- Promote **transdisciplinarity** and **team work**;
- Enhance **artistic creation** and the development of communication skills through **arts** and **ICT**;
- Develop **educational materials**.

PROJECT ACTIVITIES

- Talks with scientists
- Science workshops
- Artistic creation workshops
- Music creation workshops
- Animation workshops
- Theatre/Dance workshops
- Plastic arts contest and exhibition
- Animation/Cinema contest and festival
- Music contest and festival
