*Connecting minds, creating the future for the oceans*

**ASPEA- Portuguese Association of Environmental Education**

## PROJECT CONTEXT

- Project **funded by the EEA Grants** and managed by DGPM.
- **Project coordination:** ASPEA - Portuguese Association for Environmental Education.
- **Partner Organization:** Framework for the Mission for the Continental Shelf Extension (EMEPC)
- Environmental education and science communication project of the **principles of the literacy of the oceans** and the teaching-learning methodology of the *Sea Kit* (EMEPC)

## PROJECT OBJECTIVES

- To contribute **to improve** the level of literacy of the oceans of Portuguese and foreign youngsters,, through the internationalization of the "Sea Kit" subproject "The bridge between the school and the Blue science".
- **To educate** on the principles of Oceans literacy.
- To strengthen and streamline the **marine environment concepts in the curricula.**
- To foster **collaborative work, sharing and exchanging experiences** between Portuguese students and students from other countries.
- To encourage the development of **communication and ICT skills.**

## ACTIVITIES OF THE PROJECT

- Translation of the project "**The bridge between the school and the Blue Bridge**" (*Sea Kit*) into English and disseminate it among the network of countries of Caretakers of the Environment International Foundation (CEI).
- Setting up a **website for the project** *Connecting minds, creating the future for the oceans*.
- **EA sessions** on Oceans Literacy Principles in schools in Portugal.
- Organization of the **29th Caretakers of the Environment International Conference** *Connecting minds, creating the future for the oceans*, 30 June to 4 July, Oeiras, Portugal, with the attendance of nearly **300** delegates from **23** countries.

# PROJECT INDICATORS

## Result Indicators

Result	Indicator	Goal
Training in integrated management of marine waters, education and awareness through the implementation of measures and activities	Nº of awareness initiatives in schools	20
	Number of visits to the web site "Literacy of the Ocean" 2013-2016	5000

## Outputs

Output	Indicator	Goal
National and international schools projects	Nº of submitted projects	30
Teaser of environmental education projects	Nº of submitted teasers	30
Global Fórum CEI2015	Nº of submitted reports	400
Minutes of CEI15 Conference	Nº of edited copies	400
Posters collection of school projects	Nº of submitted posters	30
