RED SEA

The Seedlings Project of Skeleton Sea "Turns Trash into Art!

and through the interactive workshops change daily habits and inspire communities, schools and families to take pride in their natural resources and with this promote the message "Keep the Oceans Clean!"

The Key Actions:

In October 2015, November 2015 and April 2016 we hosted in 21 days:

- **41 Beach Clean-ups sessions** with marine and coastal water education in combination with

- **41 Skeleton Sea "Seedlings- Turn Trash into Art" workshops** directly at the Foz do Lizandro and Ribeira D'Ilhas Beach of Ericeira.

- **Final exhibition of "Turn Trash into Art" artwork**s created in each workshop by the school-children together with artworks from Skeleton Sea artist in the last 2 weeks of **April 2016 in the** Sala Atlântico **of Park Santa Marta in Ericeira:**

  Result 1: 863 Nº of visitors counted between 17 a 30 Abril 2016
  Result 2: 900 art works on exhibition

- **Before working with the children directly we organized 3 sessions of Certified Teacher Training mid of October 2015** – developed by collaborating Marine Biologist.

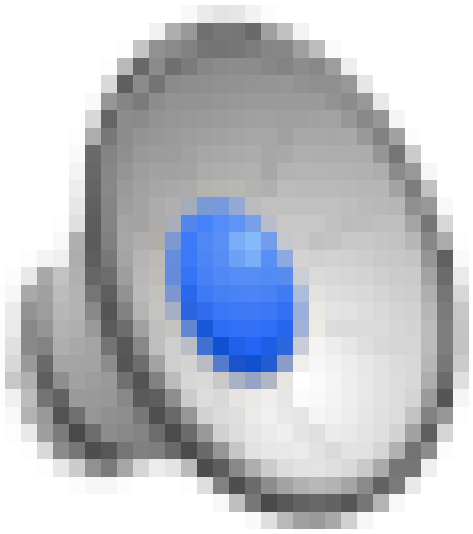
AMAHA

O **polvo** tem um saco com tinta preta. Quando um golfinho (ou outro animal) o tenta comer, ele lança a tinta e foge num jacto. Atrás dele a água fica às escuras e o golfinho deixa de o ver.

NA ONDA



Building bridges are needed between the waste we create and what we can do with this waste ...
